

## Hazardous materials description

### Stammlack Universal

propan-2-ol; isopropyl alcohol; isopropanol

## Hazards for human and environment

### Danger

Highly flammable liquid and vapour.  
Causes serious eye irritation.  
May cause drowsiness or dizziness.  
Risk of explosion in case of drying up.

Flammable, Ignition hazard.  
The product is stable under storage at normal ambient temperatures.  
No information available.  
No known hazardous decomposition products.

## Safety measures and codes of conduct

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

Keep container tightly closed.  
Ground/bond container and receiving equipment.  
Use explosion-proof electrical/ventilating/lighting equipment.  
Use only non-sparking tools.

Take precautionary measures against static discharge.  
Avoid breathing dust/fume/gas/mist/vapours/spray.  
Wash ... thoroughly after handling.

Use only outdoors or in a well-ventilated area.  
Wear protective gloves/protective clothing/eye protection/face protection.  
IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.  
IF INHALED: Remove person to fresh air and keep comfortable for breathing.  
Call a POISON CENTER/doctor if you feel unwell.  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
If eye irritation persists: Get medical advice/attention.  
In case of fire: Use Carbon dioxide (CO<sub>2</sub>), alcohol resistant foam, Extinguishing powder to extinguish.  
Keep cool.

Store in a well-ventilated place. Keep container tightly closed.  
Store locked up.

Dispose of contents/container to Dispose of waste according to applicable legislation.  
Advices on general occupational hygiene: Remove contaminated, saturated clothing immediately. Draw up and observe skin protection programme. Wash hands and face before breaks and after work and take a shower if necessary. When using do not eat or drink.

Advices on safe handling: If handled uncovered, arrangements with local exhaust ventilation have to be used. Do not breathe gas/fumes/vapour/spray.

Respiratory protection: In case of inadequate ventilation wear respiratory protection.

Hand protection: When handling with chemical substances, protective gloves must be worn with the CE-label including the four control digits. The quality of the protective gloves resistant to chemicals must be chosen as a function of the specific working place concentration and quantity of hazardous substances. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

Eye protection: Suitable eye protection: goggles.

Body protection: Flame-retardant protective clothing. Wear anti-static footwear and clothing  
Observe employment restrictions for young people.

### Conduct in case of danger

**Fire  
brigade:**  
112

Suitable extinguishing media: Carbon dioxide (CO<sub>2</sub>), Foam, Extinguishing powder.  
Unsuitable extinguishing media: Water.  
Use water spray jet to protect personnel and to cool endangered containers. Suppress gases/vapours/mists with water spray jet. Collect contaminated fire extinguishing water separately. Do not allow entering drains or surface water.  
Accidental release measures:  
Remove all sources of ignition. Do not breathe gas/fumes/vapour/spray. Avoid contact with skin, eyes and clothes. Use personal protection equipment.  
Do not allow uncontrolled discharge of product into the environment. Danger of explosion  
Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents). Treat the recovered material as prescribed in the section on waste disposal.  
Safe handling: see section 7  
Personal protection equipment: see section 8  
Disposal: see section 13

### First aid

**Physician:**  
112

Following inhalation: Provide fresh air. In case of accident or unwellness, seek medical advice immediately (show directions for use or safety data sheet if possible).  
Following skin contact: Wash with plenty of water. Take off contaminated clothing and wash it before reuse.  
After eye contact: After contact with the eyes, rinse with water with the eyelids open for a sufficient length of time, then consult an ophthalmologist immediately.  
In case of ingestion: Rinse mouth immediately and drink plenty of water.

### Proper waste disposal

Appropriate disposal / Product: Do not allow to enter into surface water or drains. Dispose of waste according to applicable legislation.  
Appropriate disposal / Package: Wash with plenty of water. Completely emptied packages can be recycled. Water with tenside additive
